and never in the USA.

NEW
and improved
iAlert

Live knowing that help is always there

The New Help Call **iAlert** that can
automatically call for help even if
you can't

75 First Street, Suite 122
Orangeville, Ontario L9W 5B6

THE ONLY ONE WITH THE
"NOT WORN" ALERT FEATURE

What is Help Call?

Help Call is an easy to use personal emergency response service that ensures you receive rapid assistance in your home whenever you need it, **24 hours a day, 7 days a week.**

With Help Call you are never alone

We are there whenever you need help and can arrange immediate assistance either via a friend, neighbour, relative or Emergency Services for a more serious medical or personal safety situation.

Trusted by Hospitals, Doctors, Care Organizations, Caregivers and Clients, our completely dependable service ensures your safety, independence and well-being with full peace of mind.

Why Help Call?

Dependable & Personal Service

With Help Call you are guaranteed exceptional emergency response together with personal service. From the moment you call us to inquire about our services you are connected with caring, knowledgeable people whose main aim is to provide solutions that are right for you rather than services you may not need. From our Basic Service that provides swift access to help to our enhanced safety products, including the NEW & Improved **iAlert**, we take time to tailor the service that best suits your needs.

Service Excellence with Affordability

At Help Call we are conscious of both the need for safety at home and financial realities that our customers face. That is why we have always balanced exceptional, reliable service with greater affordability. Your Safety and well-being is our primary concern.

Choose the Service that's Right for you

Help Call Basic Service

Our trusted and reliable service ensures that help is available 24 hours a day, 7 days a week at the touch of a button. Simply press your Help Call help button and within seconds one of our highly trained Associates will arrange the help you need right away. The Help Call help button can be worn on the wrist or as a pendant. It is fully waterproof so can be worn even in the tub or shower.

NEW Help Call *iAlert* Service

Leading edge technology is combined with a stylish, user friendly design to provide even greater protection if you are unable to press for help. The Help Call *iAlert* - the "intelligent alert" that can detect a fall and automatically trigger a call for help if you cannot summon it yourself.

The ONLY intelligent alert that provides the following;

- 3 wearable options (pendant with safety break-links, clip on or brooch)
- Cancel button option
- NOT WORN alert feature that notifies us if the *iAlert* has not been worn for a period of time

* *iAlert* does not detect 100% of falls. You should always try to press your button when help is needed.
